PRIME MINISTER · PREMIER MINISTRE

It is a distinct pleasure to have been invited to participate in the Burnaby-Hastings Rotary Club Indo-Canadian Dinner in support of Polio-Plus. I regret that my schedule prevents Mila and I from being here this evening. However, we do wish to convey our congratulations to all those who donated their time and energies to make this event a success.

The support of charitable causes as well as voluntary undertakings represent dynamic and crucial developments in a society. They provide the most exemplary expression of the resolve of people to improve social, educational or economic conditions, or to support research or on-going programmes such as immunization of youth. By going beyond those conventions which are accepted as purview of state or corporate enterprise, those who donate their time and energies, and those who assist worthy endeavours such as this, explore the realm of the possible.

Polio is a debilitating and often fatal disease and is all the more apparent when visited upon our youth. Rotary International is dedicated to the eradication of polio and your support is vital to its continuing efforts. I commend you for your participation in this gala fundraising event.

OTTAWA
1988

Brian Mulroney

MESSAGE FROM THE LEADER OF THE OPPOSITION

MESSAGE DU CHEF DE L'OPPOSITION

Dear Guests,

It gives me great pleasure to salute the organizers of the Indo-Canadian PolioPlus fundraising dinner.

I applaud the efforts of the Burnaby-Hastings Rotary Club in aid of such a worthwhile endeavour. This event will greatly enhance the success of the Rotary International Campaign. Your dedication to the immunization of children around the world speaks eloquently of Canada's commitment to international development.

To all of those in attendance at tonight's event, my best wishes for an enjoyable evening. Your generous support is, I am sure, much appreciated.

Jean Charest

Meetings held at SHERATON VILLA INN on MONDAY at 12:15 p.m.

REPLY TO

Dear Guests:

Welcome to our Indo-Canadian Polio Plus Fund Raising Dinner. The members of Burnaby Hastings Rotary Club are proud to join hands with the Indo-Canadian community in helping to achieve a polio free world. Cultural, political and religious differences are set aside this evening as we unite in a common cause.

A sincere thank you to the many who have worked so hard to make this event possible. My appreciation to our Polio Plus Chairman, Anup Singh Jubbal, for his enthusiasm and dedication. However, without the wholehearted support of you, the guests, this endeavour could not have been successfully achieved.

When the world is free from the threat of polio, and children everywhere need not fear this crippling disease, we can say with pride that we have made a worthy contribution.

Lionel Fishman

MESSAGE FROM THE LEADER
NEW DEMOCRATIC PARTY

MESSAGE DU CHEF
NOUVEAU PARTI DEMOCRATIQUE

March, 1988.

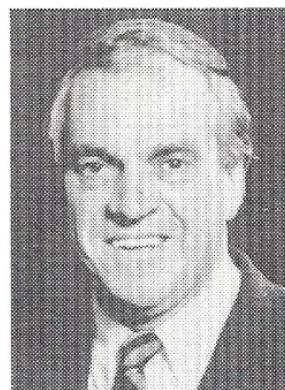

I extend greetings to all those participating in the Indo-Canada Polioplus Fundraising Dinner.

It is very commendable that the Indo-Canadian community has joined hands with Rotary International to work towards a polio-free world.

Canada's Indo-Canadian community has contributed much to our nation and I wish to express my gratitude for this special initiative.

Best wishes for a most successful event.

Dear Mr. Jubbal:

Further to your letter of October 30, 1987, I am pleased to confirm that I will be honoured to act as Chairman of the Burnaby-Hastings Rotary Club's Indo-Canadian Dinner to be held on March 26, 1988.

May I take this opportunity to commend you on your worthwhile efforts on behalf of the Polio-Plus Programme and to wish you much success in your fund-raising campaign.

Sincerely yours,

John A. Fraser

The Secretary of State of Canada

Le Secrétaire d'État du Canada

Dear Friends,

Congratulations and best wishes to the Burnaby-Hastings Rotary Club, and its Indo-Canadian PolioPlus Committee, on the occasion of your Fund-Raising dinner. You are to be congratulated on your initiative in sponsoring this special dinner to benefit Rotary's immunization program.

I especially commend the Indo-Canadian community and the citizens of Burnaby-Hastings for their fine work and generosity in relation to this campaign. This country is blessed with a strong spirit of volunteerism, as well as intercultural cooperation. You are an excellent example of both.

Too many children, unfortunately, are still afflicted with polio. The Rotary International Campaign to immunize the children of the world by 1990 is a just and valid cause. The Government of Canada is proud and pleased to support your efforts.

Best of luck!

Sincerely,

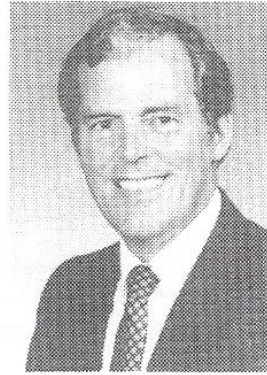

David Crombie
Minister Responsible for
Multiculturalism

Province of British Columbia
OFFICE OF THE PREMIER

March 26, 1988

As Premier of British Columbia, it is with great pleasure that I extend my warmest greetings and best wishes to the members of the Burnaby-Hastings Rotary Club and their guests who are attending the Indo-Canadian PolioPlus Fund Raising dinner tonight.

The contribution and achievements of British Columbia's Rotary Clubs are considerable. The critical role that you, as volunteers, have played in improving the lives of citizens knows no boundaries. Indeed, the leadership role you have assumed at an international level in combatting the ravages of polio is exemplary.

Tonight, your guests will have the opportunity to assist you in working toward your goal to control and, hopefully, even eliminate outbreaks of polio. I urge your guests to give us generously as you, the members of Rotary International, give in your daily lives.

Lillian and I sincerely regret that we are unable to join you at this special dinner, one which I know will be most enjoyable and rewarding. May the members of Rotary continue their valued role in our local, national, and international communities for many years to come. Thank you for your caring and generous spirit.

William N. Vander Zalm

March 1, 1988

Dear Friends:

Rotary International has indeed embarked upon a remarkable and ambitious project: "to immunize all the children of the world against polio so that this disease may be eradicated from earth."

The task ahead of you is daunting. The most important obstacle to overcome with tasks of great magnitude is the belief that "it can't be done." Therefore I am writing to express my personal support for the PolioPlus Campaign. I do believe polio can be eradicated.

We are all behind you. Best wishes for the successful completion of this worthwhile project.

Yours sincerely,

Michael Harcourt, M.L.A.

Message from the

HONOURABLE PETER A. DUECK

Minister of Health
for the Province of British Columbia

Preventive medicine has quickly become a favourite buzz word for many people these days, however, the immunization of children against infectious disease is known to be the most effective form of preventive health. Protecting children from the horrible diseases of polio, diphtheria, whooping cough and small pox has proven to be successful in that we have eliminated these diseases here at home. To take that effort to immunize the children of the world is a very worthy cause.

Congratulations to the Rotary Club and the Indo Canadian community in identifying a real need and working to provide a better life for the children of the world.

Yours sincerely,

Peter A. Dueck

Dear Mr. Jubbal:

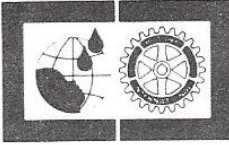

Rotary International has embarked on a very worthwhile campaign in an effort to immunize children of the world against polio. Anyone who has seen what this terrible disease does to people, especially children, are only too pleased to see that an organization such as Rotary has decided to do something to combat it.

My wife, Jessie, and I are delighted to be able to attend the Indo-Canadian Polio Plus Fund Raising Dinner and know that the contributions will be used in a most ambitious endeavour.

I wish Rotary International nothing but success in this tremendous undertaking.

Yours sincerely,

Message from Walter Maddocks- received over telephone on 8th of March

Polio Plus is surely the most noble project ever undertaken by an International volunteer service organization and it is particularly appropriate that your dinner should be a truly international one.

Canadian Rotarians are responding magnificiently to the challenge of Polio Plus and, as you know, the trustees of the Rotary foundation have recently announced a Polio Plus grant of U.S. \$20 million for India. This is the largest grant ever given in the history of Rotary International you are, therefore, going to be celebrating Polio Plus in both of its aspects.

Walter Maddocks.

GREETINGS

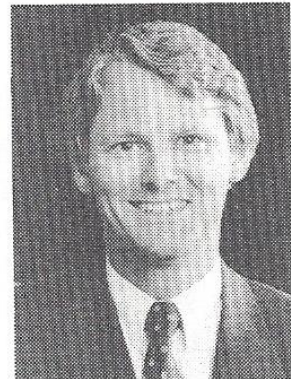

As Honourary Chairman of the Rotary Club's Polio Plus Campaign, I am sincerely pleased to welcome the many guests who have given of their time, energy -- and dollars -- to make this evening a great success.

Polio, as an affliction, is not yet beaten. The program you are here to support will make sure that children around the globe are immunized against this crippling disease.

I am particularly happy to note the great generosity of spirit from our Indo-Canadian community. We are all grateful for your contribution to our culture and to this important cause. To each of you, a special thank you, and my best wishes for a pleasant evening.

Yours truly,

Gordon Campbell

March 26, 1988

Dear brothers and sisters,

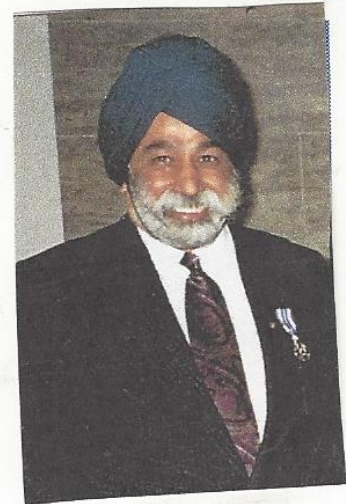

Please accept our best wishes with respect and love. Rotary International has a magnificent dream to free the children of the world from the threat of Polio. Rotary's response to this tremendous challenge is THE POLIPLUS CAMPAIGN, Rotary will provide the funding necessary to purchase the polio vaccine, publicize immunization days, distribute vaccine and in some instances provide the manpower needed to carry out the task.

The minimum amount necessary to protect the children of the world against Polio is US\$120,000,000. The Government of Canada through Canadian Public Health Association has given a grant of US\$1,200,000. to the PolioPlus campaign. We can and will reach this goal through the dedication, hard-work and support of all Rotarians around the world.

Rotary Club of Burnaby-Hastings PolioPlus Campaign Committee, volunteers from Indo-Canadian PolioPlus Campaign and Fund Raising Dinner on March 26, 1988, at the B.C. Enterprise Centre (Expo-Site) Vancouver, B.C. Canada. We shall reach our target of \$50,000. We thank O.A.S.I.S., all the Sikh Temples, Indo-Canadian religious and cultural associations, sub committees and individuals for their dedication and generous support for this worthwhile cause.

Yours sincerely

Anup Singh Jubbal
Chairman
PolioPlus Campaign Committee

THE MERITORIOUS SERVICE MEDAL

LA MÉDAILLE DU SERVICE MÉRITOIRE

to

à

Anup Singh Jubbal

CITATION

After joining the Rotary Club of Burnaby-Hastings in 1986, Mr. Jubbal soon became Chairman of the Rotary's International Service Committee. He was the driving force behind two very successful Rotary fund-raising activities -- the 1988 International Polio Plus Project, which notably raised large sums of money for the immunization of children around the world; and the 1989 Rotary Project Eyesight-India, which funded cataract operations for India's poor rural residents. His leadership and initiative have brought credit to the Rotary Club and honour to Canada.

Peu de temps après être devenu membre du club Rotary de Burnaby-Hastings en 1986, M. Jubbal est devenu président du comité de bienfaisance internationale du club. Il a été l'âme dirigeante de deux campagnes de financement très réussies : le projet international Polio Plus de 1988, qui a notamment permis de recueillir d'importantes sommes d'argent pour vacciner des enfants dans le monde entier; et le projet de 1989 visant à offrir une extraction gratuite de cataracte aux personnes défavorisées des régions rurales de l'Inde. Son sens du leadership et son esprit d'initiative ont rehaussé la réputation du club Rotary tout en faisant honneur au Canada.

GIVEN at Rideau Hall, Ottawa, this twenty-fourth day of January, 1997

BY Command,

PAR ordre,

Secretary to the Governor General / Secrétaire du Gouverneur général

POLIOPLUS REPORT

A dream fulfilled

The drama and emotion felt at the 1988 R.I. Convention will never be forgotten. It was the week of the historic announcement—marked by music, "fireworks," and the descent of 15,000 balloons—when Walter Maddocks, international executive director of the PolioPlus Campaign, shouted: "We're over goal!"

The fundraising effort for PolioPlus has brought in cash and pledges of more than U.S. \$220 million—83 percent more than the campaign's original goal. The campaign headquarters has now documented this entire amount, meaning that the figures have been substantiated by cash, individuals' signed pledges, or resolutions adopted by Rotary clubs. Over half the funds—U.S. \$122.5 million—have been received in cash.

A sophisticated computer system keeps track of the pledges and informs individuals and clubs of their progress. In the U.S., all personal pledges and club resolutions have been entered into the R.I. computer system according to the donors' preferred pledge-payment schedule—monthly, quarterly, semiannually, or annually. At the appropriate intervals, each individual and club will receive a statement of account, showing the amount of the commitment, the amount that has been paid, and the balance.

Every three months, the club president will receive a report showing the status of all individual accounts and of the club's total commitment. District governors and district PolioPlus coordinators will receive reports on all clubs in the district, but not on individual accounts.

Outside the U.S.A., each club will receive a quarterly statement of its PolioPlus account, prepared in Evanston but routed through the national or multinational PolioPlus Campaign chairman. Clubs will follow their customary procedures in making payments to the PolioPlus treasurer. The treasurers will be

A Miracle in the Making

Canada's International Immunization Program

Canada—At a PolioPlus fundraising dinner, The Honourable John A. Fraser, speaker of Canada's House of Commons, presents a Distinguished Service Award to Anup Singh Jubbal of the Rotary Club of Burnaby-Hastings, B.C. Left to right: Fraser, Anup, 1987-88 club President Dr. Lionel Fishman, Walter Maddocks.

asked to send to R.I. a monthly report of funds to be credited to each club's account.

A task force has been formed representing several divisions of the Secretariat staff to ensure the prompt crediting of payments and to respond quickly to problems reported by clubs.

PolioPlus pace quickens

The Rotary Foundation's unaudited year-end report for 1987-88 shows that the PolioPlus immunization program grew rapidly during the year. Expenditures by the Foundation to honor its PolioPlus grant commitments were 391 percent higher than in the previous fiscal year! The amount spent in 1987-88 was \$16 million, compared to \$4.1 million in 1986-87.

PolioPlus grants have been awarded to 70 countries. As of 30 June, \$23,963,561 has been spent since the start of Rotary's first polio immunization project in 1979—approximately 30 percent of the total amount in grants. Expenditures dur-

ing the 1987-88 fiscal year represent about two thirds of this amount.

As of mid-August, more than 522 million doses of oral polio vaccine have been purchased—enough to immunize approximately 130 million children. In addition, about 19 percent of the funds spent have paid for items other than vaccine—cold-chain equipment to preserve and transport the vaccine at the proper temperature, publicity materials, and information on conducting social mobilization efforts.

The Foundation staff noted that PolioPlus immunization has become increasingly global. During the past 12 months, the balance of PolioPlus expenditures has shifted from the Western Hemisphere to the Eastern Hemisphere. In prior years, more than half the funds for vaccine purchases were channeled through the Pan American Health Organization for projects in Central and South America and the Caribbean. In recent months, the majority of funds have gone through UNICEF to purchase vaccines to immunize children in Asia, Africa, and the Middle East.
