# Rotary International President's Message

**2<sup>nd</sup> 3 FEBRUARY 2020**  
**Happy 115th birthday,**  
**fellow Rotarians and**  
**members of the family of**  
**Rotary!**

*Much has changed in the world since 1905. Then, the global population was roughly 1.7 billion. Today, it is 7.7 billion. There were 5 telephones per 100 people in the United States 115 years ago. In 2020, it is estimated that 96 percent of the U.S. population has a cellphone — and both China and India have more than a billion cellphones in use.*

*In the 115 years since Rotary was founded, seemingly everything has changed except Rotary values. We began, and remain, committed to fellowship, integrity, diversity, service, and leadership. While our Service Above Self motto dates to 1911, the ethos behind those words had already been ingrained by Rotary's founders.*

*As the pace of change worldwide continues to accelerate, the need for Rotary service is*

*greater than ever. It's one thing to read about service projects, quite another to see them in action and to see the grateful faces of people who have benefited from them. Rotary projects change lives and connect the world. And over the past year, I have seen some amazing Rotary projects in action.*

*Gay and I visited Japan's Fukushima prefecture last year. Few places in the world have had to deal with the kind of devastation that visited Fukushima in March 2011, when a tsunami touched off by an earthquake led to disaster at a nuclear power plant. But the story of Fukushima today is not one of destruction; it is one of hope and renewal. Rotary grants have helped improve access to medical and mental health care for victims of the disaster and reduced the isolation of these communities by sharing the experiences of people from other parts of the world who have also recovered from disasters. Our grants have also helped to foster self-motivation and encourage sustainable long-term community recovery across the region.*

*In Shanghai, I learned about the Careers in Care program. This helps migrant workers fill the need for skilled professionals in elder care facilities. After taking a course, trainees receive certification to boost their employment prospects, while the care industry benefits from an expanded talent pool. Rotary projects like this are successful because they address a local need, and they have the potential to attract local government funding to sustain their impact.*

*And in Guatemala, Gay and I went to Sumpango. Global grants there provide mechanical cows to produce soy milk; an improved water distribution system; water*

**Mark Daniel Maloney**  
**President 2019-20**

*filters; clean compost latrines; family gardens; support for income generation; and training in WASH and literacy programs. The food items sold there not only provide nutrition to women and children, but also create a source of income for local women.*

*In every area of focus, and in every part of the world, Rotary projects are improving lives and helping communities adapt in a time of rapid change. As we celebrate another great year for Rotary, let us rededicate ourselves to strengthening the connections that make our service so impactful. We will make lives better as Rotary Connects the World.*

## ROTARY INTERNATIONAL PRESIDENT MARK MALONEY VISITS SURREY

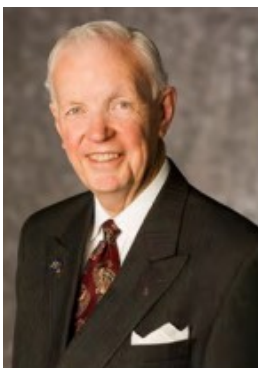

### VIP RECOGNITION AND COMMENTS

### Honorable Minister of National Defence Harjit Sajjan conveying the greetings from Prime Minister Justin Trudeau at the 30th Anniversary Celebration Dinner

*“Canadian Eyesight Global is committed to helping those affected by eye disease lead healthy and normal lives. This milestone offers a wonderful opportunity to reflect upon the history of your association, to celebrate its many achievements and to set goals for the future.”*

**Wilf Wilkinson**  
Past President, Rotary International 2007/08 & Chairman of The Rotary Foundation 2012/13

Hello Rotarian Anup

I'm so very glad that the celebration was successful and I congratulate you on its success. I will gladly send a message to President Mark thanking him for his participation in this very successful celebration. I also congratulate you for your years of devoted work to this important project.

Just to let you know that I did express yours and my own thanks to President Mark.

I'm so glad that it all worked out so well and I'm sure he will be happy about the 500

free eye surgeries that you plan in rural India during his Rotary Presidency.

Keep up your good work.

Sincerely

Wilf Wilkinson

Dear Anup,

Through the Facebook link that you sent I was able to see the story through pictures of anniversary gala.

Indeed Canadian Eyesight Global has a remarkable history of 30 years serving humanity.

I have been very fortunate to get associated with your organization almost from the inception.

The event was honoured by graceful participation of President Mark Maloney as the Chief Guest.

Your persuasion made that possible.

My heartiest congratulations once again.

Warm regards, Raja

Hope you enjoy  
your anniversary  
to the fullest.  
Celebrating you both  
and all the ways  
you brighten lives  
with your love.

Wishing you all the best on your  
anniversary. May each day be full of  
love, happiness and joy. The special

you've always been...*

*Dear Papa + Mom  
Happy Anniversary! I want you to know  
how lucky we are to having you as  
our parents. As you know being a parent  
is a tough job - probably one of the hardest  
jobs in the world. A job that gives you  
a daily exam. ♥♥ A job that you  
made look easy but isn't actually. You  
have supported me in more ways than you  
will ever know. You made me feel  
Smarter, prettier + more capable than I  
actually I am. I am not but you believed  
in me; and that made all the difference  
You took care of me when I was sick in  
my childhood, you put up with difficult  
behavior, you helped when we started  
our business, and when we moved.  
You helped with so many things,  
and you did it with love. You make  
being a parent look easy.*

*Dearest Papa & Mommy ji*

*So as you celebrate your anniversary,  
remember how much you both mean  
and how very much you're both loved.*

*Happy Anniversary*

*4 you do it with grace.  
So I just want you to know how  
much I love you & how much I  
appreciate that you are my parents.  
4 our children are so lucky to have  
such amazing grandparents.  
Thank you for the love.*

## **Executive Desk** **Anup Jubbal** **A trader in Every Sense**

Anup Jubbal is a trader. Nothing more, nothing less. He conducts his business from an air conditioned office in a 4,800 square foot house, in Kamloops.

And if you sense a hint of the Baghdad market place about him - it's real. He had a rough time in Baghdad eight years ago, on his way to Canada.

"They wouldn't let me take much money out of the country,; he says, "so I took goods instead."

He had a visitor's visa for Canada and had closed down his catering business which supplied food to passengers on the ferry serving the islands. His wife and three children went to say with her parents in Lucknow.

The trouble in Baghdad actually started in Basra, Iran, where Jubbal landed. Customs officials seized his trunks and sent them to Baghdad. Jubbal waited three days before officials in Baghdad found an interpreter and another week before his goods were cleared for the three day bus trip across the desert to Beirut.

"Beirut was a free port," he recalls, "and I had no trouble there. I made 400% to 500% on some goods and I sold enough to pay my expenses and my train fare to Istanbul."

**Anup Jubbal**

He had his pocket picked in a railway station in Syria. But, he had enough money hidden in his shoe to buy his baggage back from the freight agents and sold enough to continue on his way.

He spent three months in Europe, selling his wares and making contacts in a half dozen countries, but his strongest memories are of the railway station in Nice where he sold about \$175 worth of goods in 10 or 15 minutes.

Six months after he arrived in Kamloops he bought his first house for \$8,000 and three years later when he brought his wife and children to Canada in 1972 he owned five houses including the rooming house he lived in when he first came to town.

Personally and through his three wholly-

owned companies—Jubbal Investments Ltd., Canadian Building Supplies Ltd. And Canadian International Export-Import Ltd., he now owns 52 acres of residential land in the Kamloops suburb of Barnhartvale, about an acre of the suburb of Westsyde, nearly 14 acres of the suburb of Brocklehurst and four houses.

He is also the president and half owner of D&J Enterprises Ltd., which developed the 40-lot Guru Nanak subdivision in Westsyde in which he lives.

Now he planning to build a 20,000 square food self-service showroom for Canadian Building Supplies Ltd. on a 3.75 acre lot in Brocklehurst and to open a building supplies retail outlet to sell decorative plywood from Asia and a line of hand tools he began importing this year from Mainland China.

Another office on the same lot will house his Canadian International Export-Import Ltd., a company he hopes will sell Canadian building supplies and fabricated houses to the Middle East.

Anup Singh Jubbal, founder of Canadian Eyesight Global, formerly Project Eyesight-India, has dedicated his golden 30 years of his life for the restoration of eyesight to tens of thousands people in rural parts of India.

Anup Jubal business back ground was published in the BC Business June 1976, a historical journey from India to Canada in 1968, which took him to reach Canada from India 6 months in 1968.

### ABOUT US

Canadian Eyesight Global – formerly Canadian Eyesight International – is a registered Canadian charitable organization comprised of surgeons, doctors, business leaders and numerous volunteers concerned with global blindness.

It is made up of individual Canadians concerned about other people – those in India and such developing nations who are especially vulnerable to blindness as well as those who have already lost their eyesight. In these nations, there are many health and social issues that require attention. Because blindness is caused by many problems, including lack of adequate nutrition, sanitation and trauma, we have the opportunity to bring health in many different forms.

### OUR OBJECTIVE

Canadian Eyesight Global strives to help those who are unable to help themselves and to give people who are blind or visually impaired real support. For over 29 years, we have been helping our community with our partner

### OUR VISION

Our Vision is to eliminate avoidable blindness by 2020 and to ensure the best possible vision for all people. Canadian Eyesight Global organization is working to remove blindness that is a major health issue among the young, the underprivileged, the aged. Visual impairment in some instances can lead to death. The problem is growing day by day. Every second, one person in the world goes blind. A child goes blind every minute. Yet for three out of four of these people, blindness was completely preventable.

Global trends show millions of people going blind each year. Eighty percent of the world's blindness is preventable by means of nutrition, sanitation, antibiotics or surgery. Canadian Eyesight's view is to work toward the elimination of the preventable causes of blindness. Working with other health organizations and various levels of government, we believe this goal is achievable.

## WE HELP THOUSANDS OF INDIVIDUALS ACROSS THE WORLD
